POLICY

1. School profile

Knox Central Primary School (KCPS) is located on Darwin Road, Boronia, approximately 26 kms east of the Melbourne CBD. Being located on the borders of Wantirna, Knoxfield and Bayswater the school draws enrolments from families across the Eastern suburbs. The school is committed to student wellbeing and the delivery of teaching and learning that utilises each student's strengths to drive improvement in areas of need. We are determined to develop authentic relationships with every student, as understanding each child enables us to identify their educational needs and in turn, creates an environment where students love to come to school and love to learn.

In 2019, at census, the school had an enrolment base of 96 students and an SFOE of 0.4306. The students and their families represent an intercultural spread, with 13 students coming from a language background other than English and 32 Equity funded students. Our current staffing profile consisted of seven teaching staff and four non-teaching staff. This was composed of one principal class member, four full-time classroom teachers, and specialist teachers in Visual Arts, Spanish, Physical Education and targeted Literacy Support. In addition to the teaching class members, three Education Support Staff (Integration Aides) provide support for those students who require additional learning support and those funded under the Program for Student with Disabilities Program. The teaching and learning team were supported by a full-time Business Manager.

2. School values, philosophy and vision

Knox Central Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of excellence, respect, teamwork, integrity and courage.

1. The students are at the heart of everything we do.
2. Everything we do, is based on evidence and a whole school approach.
3. We share collective responsibility for student success.

Our vision is to develop all students to become lifelong learners and meet the challenges of a rapidly changing society.

Our Mission is to fully develop the academic, social and personal skills of all our students. We provide them with opportunities to excel, to continue to improve and strive to achieve their full potential within a caring environment
